

GET INVOLVED AND JOIN A COMMITTEE

We promise you won't regret it!

PROGRAM PLANNING COMMITTEE

To curate engaging and relevant business and technical content with key takeaways for contractors for SWR Institute's two annual technical meetings.

MEMBERSHIP & BRAND AWARENESS

To obtain and retain quality members for the Institute with the goal of 60% of the members being contractors, 20% being associates and 20% being manufacturers by demonstrating the Institute's value through increased recognition of the brand.

SAFETY COMMITTEE

To develop safety resources for our members and the industry at large to reduce workplace injuries and fatalities.

PRODUCT VALIDATION COMMITTEE

The Product Validation Committee is responsible for developing and reviewing product categories to be included under the program. The committee also promotes the Product Validation Program and works to ensure that the industry understands the intent and purpose of the program.

TRAINING VALIDATION COMMITTEE

To elevate the training programs offered in the industry by ensuring that they meet the set of criteria that the Institute has deemed essential for a training program to be considered remarkable to the industry.

TECHNICAL RESOURCE COMMITTEE

To create industry-specific technical manuals and publications to elevate and promote the best practices in the industry.

If you are interested in joining a committee, please email nicole@cranemartin.com.

Or you can come to a face-to-face committee meeting on Sunday afternoon at our Fall & Winter Technical Meetings.

5 REASONS TO GET INVOLVED ...

Becoming a member is just the start

1

Build Relationships by Networking

Joining a committee helps you build stronger relationships with the industry's most talented professionals. You're guaranteed to make new friends and valuable business connections!

2

Brand Building

Not just participating but becoming more involved will help you build your business brand. After all, it's not just about who you know, but also about who knows you.

3

Development

The things that you will learn while participating on a committee will directly translate into professional and personal development.

4

Leadership Opportunities

Through active participation on a committee, you have a better opportunity to someday become a board member.

5

Working for the Greater Good

Volunteering your time to develop resources for the industry is a rewarding experience.

“SWR Institute is a group of active industry professionals from diverse backgrounds who like to do things the correct way and enjoy themselves while performing a balancing act between costs, schedules, owners, architects and engineers, consultants, suppliers and Mother Nature. What a resource!”

– **Diane Kaese**
Kaese Architecture PLLC

“Most of the people I've met through SWR Institute have become a tremendous resource, and are always willing to share their knowledge and experience. The friendships created, because of shared experiences, have been life changing.”

– **Frank Halsey**
Mid-Continental Restoration Company, Inc.
