

FLUID APPLIED AND SHEET MEMBRANE

WATERPROOFING INSTALLATION

TRAINING PROGRAM

Course Outline

Class Room Instruction:

Introduction	8:00 – 8:15
Waterproofing 101: Why & Where	8:15 – 9:00
Exterior Overview: Air Barriers/Cavity Walls	9:00 – 9:15
Waterproofing Design 101: How	9:15 – 9:45
Material Science: Asphaltic Rubber	9:45 – 10:45
Barrett Waterproofing Applications: System Specifications	10:45 – 12:00
• Fluid Applied Membrane: Ram Proof	
• Sheet Membrane: Black Pearl	
• Hot Applied Membrane: Ram Proof 250	

Lunch Break	12:00 – 12:30
-------------	---------------

Hands-On Training:

Fluid Applied Membrane: Ram Proof	12:30 – 2:30
• Safety Analysis	
• Equipment Requirements - (Brush/Roll/Squeegee/Spray)	
• Ram Proof Application Demonstration – (Brush/Roll/Spray)	
• Ram Proof Hands On Installation Training - (Brush/Roll/Spray)	

Sheet Membrane: Black Pearl	2:30 – 4:00
• Safety Analysis	
• Ram Proof Application Demonstration – (Brush/Roll/Spray)	
• Ram Proof Hands On Installation Training - (Brush/Roll/Spray)	

Quality Control/Assurance	4:00 – 4:30
---------------------------	-------------

Examination/Course Evaluation	4:30 – 5:00
-------------------------------	-------------
